Dear Ms. Loman:

As we reported in the Stream Survey Assessment sent to you last week, Shealy Environmental had done another bioassessment of the impacted stream at Nevada Goldfields during the last part of April. A copy of the report is included for your information. These monthly checks will continue to insure the stream continues to recover now that the Waste dump has been capped.

If you have any questions, please feel free to contact me at (803) 443-2222.

Sincerely;

Jean V. Whisnant
